¹APS may determine, from time to time, to augment its professional staff with independent contractors (each an “*Independent Contractor*”) in these Chapter 11 Cases. APS’ standard practice is to charge for an Independent Contractor’s services at the rate equal to the compensation provided by APS to such Independent Contractor. APS did not bill for Independent Contractors during this Staffing Period.

f/k/a General Motors Corp., et al.
September 1, 2009 through November 30, 2009

- Investigated marine cargo insurance coverage for General Motors Strasbourg SAS (“GMS”) and placed policy.
- Analyzed workers compensation exposure in the four default states (Alabama, Georgia, Oklahoma and New Jersey). Identified potential sources of recovery and initiated contact with state agencies.
- Reviewed asbestos actuarial reports and reviewed the motion to retain a Future Claims Representative to act as a proxy for future asbestos claimants.
- Investigated product liability coverage for GMS. Based on cost/benefit analysis did not place policy.
- Worked with insurance brokers to place property insurance policy for MLC. Compiled property valuation and site information.
- Reviewed FUCI crime claim proof of loss for potential recovery to MLC. Analyzed supporting documents to determine viability of claim.
- Researched and responded to US Department of Justice “DOJ” and Department of Health and Human Services (“HHS”) employee data requests for workers compensation and splinter union employees.
- Researched excluded insurance policies to the Master Purchase Agreement and compiled copies of the policies.
- Investigated general liability insurance coverage for Remediation And Liability Management Company, Inc. (“Realm”) and Environmental Corporation Remediation Company, Inc. (“Encore”) locations.
- Engaged in the initial review, categorization and matching of all filed and scheduled claims.
- Managed and reconciled claims data received from MLC’s claims agent, and engaged in numerous meetings with the claims agent to ensure a timely transfer of information.
- Prepared Schedules of Assets and Liabilities and Statement of Financial Affairs (the “Schedules and Statements”) for all debtors:
 - Roughly 40,000 creditors were scheduled representing \$27.4 billion of liabilities on a consolidated basis.
 - These efforts involved compiling the data for the Schedules and Statements, reviewing drafts of the Schedules and Statements with MLC’s bankruptcy counsel, and reconciling the data in the Schedules and Statements to MLC’s books and records.

September 1, 2009 through November 30, 2009

- Developed a comprehensive, customized model for management of all filed and scheduled claims. This claims model incorporates web-enabled features designed to streamline the claims resolution process through centralized storage of claims-related data in a forum easily accessible to all parties.
 - Performed a comprehensive initial analysis of claims that, among other things, (1) evaluated MLC's total claims liability, (2) identified claims subject to immediate objection, including claims with insufficient documentation, duplicative claims, and amended and superseded claims.
 - As of the November 30, 2009 claims bar date, MLC had received over 68K claims totaling \$217 billion.
 - Through the initial claims review process, the MLC claim resolution team has identified over \$140 billion of claims that are likely to be expunged or reduced by claim objections.
- Began preparation of exhibits to the first five omnibus claims objections, encompassing objections to duplicative claims, amended and superseded claims and claims with insufficient supporting documentation. As a result of these efforts, MLC has filed objections to approximately 500 claims with an aggregate value of approximately \$6.8 billion.
- As of the November 30, 2009 claims bar date, MLC had received over 2,300 non-asbestos litigation claims with an aggregate value of approximately \$112 billion, including products liability, personal injury and wrongful death claims, asbestos claims, and indemnification and subrogation claims. The litigation claims team is leading the efforts to analyze and resolve these thousands of claims, and rendered significant services to MLC in this regard during the period of September 1, 2009 through November 30, 2009. Specifically, the litigation claims team:
 - Conducted ongoing analysis, categorization and reconciliation of filed and scheduled litigation claims.
 - Analyzed over 300 unliquidated claims to determine the potential exposure associated with these claims.
 - Engaged in detailed review of high dollar litigation claims, and drafted executive summaries of these claims to assist in resolution process.
 - Prepared numerous analyses of litigation claims, including memoranda evaluating the largest products liability claims and identifying potential settlement candidates, summaries of unliquidated claims, and stratifications of claims by location, opposing counsel and claim type.

f/k/a General Motors Corp., et al.
September 1, 2009 through November 30, 2009

- Led settlement discussions with various claimants.
 - Identified claims totaling more than \$100 billion subject to non-substantive objections, including claims lacking sufficient documentation and duplicative claims.
 - Managed MLC's litigation database and coordinated transfer of information between database and claims register, which required daily updates to the database, interaction with GM legal, outside counsel, and the claims processing team.
 - Developed web based secure litigation interface for use in managing information.
 - Engaged in meetings and discussions with the claims resolution team, MLC's bankruptcy counsel and MLC's defense counsel regarding a strategy for global resolution of litigation claims, and assisted in the preparation of proposed alternative dispute resolution procedures.
- The contracts and leases team:
- Collected information for, analyzed, formally rejected and tracked over 200 contracts:
 - Designed and utilized a model to generate contract rejection templates for GM business people to complete and systematically update to a comprehensive database.
 - Reviewed contract information provided by GM business people and interfaced with counsel to assess whether rejection was appropriate.
 - Generated exhibits for rejection motions and tracked the formal filing and orders of contract rejections.
 - Assessed and estimated damages for all rejected contracts in preparation for reconciling to filed rejection damage claims:
 - Collected and reviewed rejected contracts for termination clauses, minimum financial obligations and other key factors for estimating potential damage claims.
 - Categorized rejected contracts and designed model to systematically calculate damage estimates based on contract type.
